CHICAGO POLICE MAKE WHOLESALE ARRESTS

One Hundred and Fifty Persons Taken Into Custody as Result of Crime Wave

NO REPLY TO AMERICAN NOTE TO MEXICO

(By Associated Press)  
Washington, Nov. 25.—Secretary Lansing went into the Cabinet meeting today without a reply to the American note demanding the immediate release of Wm. O. Jenkins, American consul at Puebla and warning the Mexican government that further molestation of the Agent would seriously affect the relations between the United States and Mexico. Mexico's failure to make a prompt reply apparently has created an unfavorable impression in official circles and the Cabinet was expected to again discuss the whole Mexican situation.

Order your Thanksgiving tea or cream of Paras Uros. Tel. 23-W. We deliver on the holiday. h 21 n21

(By Associated Press)  
Chicago, Nov. 25.—Among the 150 persons taken into custody as a result of the crime wave that swept Chicago in the last three days, sixteen men and a woman today were being held charged with implication in four murders, 100 saloon, pool room and street hold-ups and 160 house burglaries. Members of the band confessed to more than 250 crimes, the police asserted. Reported robberies last night showed a falling off from the two previous nights. Street lights glowed despite the threatened coal shortage here after John J. Garrity, chief of police, said the wave of crime Saturday and Sunday nights was due at least in part to street illuminations in some sections being cut off as a conservation measure.

SHOT A LARGE LOON

Henry Clark recently shot a loon which weighed eleven pounds. Those who participated at the dinner pronounced it O. K. in every respect.

“Make a Lot of Fuss Over Nothing,” Says Depth Bomb Inventor

Chester T. Minkler.

“They make a lot of fuss over nothing,” says Chester T. Minkler, who the Navy Department has just announced, is the inventor of the depth bomb used by Uncle Sam in fighting U-boats. He was also responsible for the mine used by the navy in the North Sea. Like the depth bomb he gave the mine to the government without remuneration. Minkler and his assistant, Harry Adams, risked their lives repeatedly during their experiments.

There is one thing to be thankful for this Thanksgiving: turkeys are cheaper than last year.

PRESIDENT'S CABINET TO TAKE ACTION

(By Associated Press)  
Washington, Nov. 25.—All proposed basis of settlement for the coal strike having been rejected, either by the miners or mine operators now on their second week of negotiations for a wage scale that will bring about coal production. Hope today rested with the action of the President's Cabinet. Wage scale committees in the central competitive fields arranged to meet today but it was not thought likely the gatherings would bring any result.

STEEL MILLS ARE CRIPPLED

(By Associated Press)  
Pittsburg, Nov. 25.—Defections among steel strikers of the nation have been exceedingly few and the forces now working in steel mills are mostly inexperienced men, said John Fitzpatrick, chairman of the National steel strike committee, in a statement made public here today. “Steel mills are disorganized, crippled and unable to produce better than ten to twenty percent of normal,” said Mr. Fitzpatrick. He added that the National Committee was prepared to continue the fight with renewed courage “until the strikers settled by the granting of human American standards of hours and wages.”

MANUFACTURING PLANTS WILL HAVE TO SHUT DOWN

Coal Shortage is Becoming Acute in the Middle West and Further Curtailment is Expected

(By Associated Press)  
Washington, Nov. 25.—President Wilson's cabinet expected to reach a decision today on the wage controversy between the bituminous coal miners and the operators that would send the miners back to work. Before entering the meeting Attorney-General Palmer said that if the figures as to the operators' profits given yesterday by former Secretary of the Treasury McAdoo were correct, it is not likely that Fuel Administrator Garfield would permit an increased price for coal. Any wage increase, it was intimated would have to come out of the operators' profits. Mr. Garfield took to the cabinet meeting bituminous coal production cost figures prepared by H. V. Norris, engineer for the fuel administration during the war who has been bringing up to date the cost sheets. These figures were expected to furnish the basis for an agreement in the cabinet as to the amount of the wage increase the operators would be called upon to bear. Operators and miners spent two hours in conference today without breaking the deadlock as to wages. Leaders on both sides said the negotiations would be continued until after the cabinet had acted.

Chicago, Nov. 25.—Closing of additional manufacturing plants in the Middle West with others placed on a further curtailed fuel ration and shortening of production even in the mines which have been worked since the strike of coal miners went into effect more than three weeks ago were in prospect today. A ray of hope, the first to penetrate the gloom of the steadily growing menace of a coal shortage since the miners walked out entered the situation, however, with consideration of the entire strike given by President Wilson's cabinet with possible reference to the chief executive of the whole difficulty. From none of the great production fields came an indication today that the miners had altered their disposition to await agreement by the conference at Washington.

MURPHY-ELWOOD

The marriage of Miss Mary Ellen Elwood and Jeremiah Joseph Murphy occurred at the Church of the Immaculate Conception this morning at 9.30 o'clock. The marriage service was performed by the pastor, Rev. D. Alex Sullivan. The bride was attended by Miss Margaret Heslin and the groom by Patrick Dalton. The bride has resided in Amesbury, Mass., and the groom is an employee of the navy yard.

Next Sunday is the first in Advent. Tomorrow is the beginning of the Christmas year.

GOVERNMENT WILL TAKE OVER BAKERIES

(By Associated Press)  
Madrid, Nov. 21.—The government has decided to take over the bakeries or Madrid in an effort to solve the bread shortage caused by the strike of bakers, beginning tomorrow the bakeries will be worked for the government, the latter paying the strikers the wages they demand.

NEW ITALIAN AMBASSADOR HAS ARRIVED

## MEXICO

### WORRYING THE STATE DEPT.

(By Associated Press)  
Washington, Nov. 24.—There is still no word from Mexico in answer to the sharp note of the State department demanding the release of W. O. Jenkins, the American consul agent at Puebla. All day officials waited for the note which they expected would be handed them in view of the report last night that a long dispatch on the Jenkins case had been received by the Mexican embassy. There was no intimation of any reply would be made. So far as the State department is concerned they only know that Jenkins is sick and still in a Mexican jail awaiting trial on the charge of having conspired with the bandits to kidnap him.

Laredo, Tex., N. 24.—The Mexican government has decided to answer the note of the State Department at Washington on the Jenkins case according to information received from Mexico city. The decision was reached despite the opinion held by the Mexican foreign office that the Carranza government should not answer the note until the conflict was over.

## RAILROAD WORKERS TO GET MORE PAY

(By Associated Press)  
Washington, Nov. 24.—A new wage and working agreement was signed today between the Railroad Administrator and the officials of the brotherhood of maintenance way employees and the railroad shop laborers. While the demands of the unions were not fully met, the eight hour was established for the truck laborers with time and a half for over time. Most of the other employees will get time and a half after ten hours. The signing of the new contract by Director General Illies ended negotiations which were started last February and it is estimated by the railroad officials that they will affect at least 400,000 men. The contract has a clause that it will remain in effect during federal control unless notice of thirty days is given of its cancellation.

## N. H. CONVICT CAPTURED IN BOSTON

(By Associated Press)  
Boston, Nov. 24.—William Timmany, convicted a murderer in the second degree in New Hampshire, who escaped last June while being taken from the New Hampshire Hospital to the State prison was captured here tonight. He with a companion was convicted of holding up Orlean Eastman, aged 83 of Swansey, and of having shot him in the hand from which blood poisoning set in, causing his death.

## INTERNATIONAL EIGHT HOUR WORK DAY

(By Associated Press)  
Washington, Nov. 24.—Consideration of the draft convention of the proposal to limit the hours of work in all industries to eight hours a day and 48 hours a week was begun by the International Labor convention here today. The convention adopted a clause defining the industries which it would apply to and the question of navigation on inland waters was left open.

# "It's the Bean"

*Selected, Blended, Roasted  
according to the  
La Touraine Formula*

## The House of Quinby

**BEHIND** every great enterprise will be found an ideal, and behind this ideal an institution worthy of the achievement it represents.

The House of Quinby has been built upon a determination to give every customer a perfect coffee and to sell it at a price which should ever protect its quality.

The tremendous growth in public favor of La Touraine Coffee is indeed a tribute to La Touraine excellence, to its unvarying goodness, to the national love for this healthful and refreshing beverage.

For years La Touraine Coffee has steadily educated all who use it to the fact that the difference in price—one way or another—of a few cents per pound is an insignificant item compared to the satisfaction of a cup of perfect coffee.

The famous La Touraine formula by which are selected, blended and roasted coffee beans grown upon certain estates noted for the high grade of their crops is the lasting foundation of the House of Quinby, and the reason why—once La Touraine Coffee visits the family table—it becomes the family coffee.

## RADICALS FORTIFY VA. MINE TOWN

Richmond, Va., Nov. 24.—Gov. Davis left here tonight for St. Charles, a little Virginia town near the Kentucky border, to take personal command of 700 militiamen sent there to deal with conditions reported today as serious.

One report to the Governor's office said the town resembled an armed camp. Radical miners, it was said, had mounted guns on the hillside and threatened to open fire on any miners attempting to enter the mines which have been closed since the nationwide strike on Nov. 1.

Loyal miners appealed to the Governor for assistance, and reported to him that threats had been made to destroy the mines with dynamite. Five companies of militia were mobilized last night and started early today for the border.

## THE LABOR PARTY BORN AT CHICAGO

(By Associated Press)  
Chicago, Nov. 24.—A new national political party the Labor Party of the United States was created today by the representatives of organized labor in convention here. The object of the party is to organize all brain and hand workers into a political and social party. A convention will be held next September when a president and vice-president will be nominated.

## WHISKEY FROM ENGLAND

Liverpool, Nov. 24.—"A curious com-

mentary upon 'dry' America," says the Liverpool Post, "is contained in the following cable which has been received from the states by a well known British whiskey firm: 'Could dispose of 20,000 to 25,000 cases if they arrive by November.'"

"Each case referred to in the cable contains a dozen bottles of whiskey. Advertisers in The Herald get re-

the part of America to dispose of white key in spite of her prohibition laws."

## Southern Pacific Steamship Lines

### NEW YORK to NEW ORLEANS

One hundred restful hours on the large comfortable steel steamships of this line bring you to New Orleans—the city of dual charm, which combines the languor of old French and Spanish times with modern American activities.

Sailings Wednesdays and Saturdays at 12 noon from Pier 46, North River, New York, connecting at New Orleans with the Sunset Limited and other fast trains for Mississippi Valley, Texas and other Southwestern States, including Arizona, California and the Pacific Coast.

Fares include meals and stateroom berth on steamer. For passenger information and reservations apply to companies' offices or Consolidated Ticket Office, 67 Franklin Street, Phone Port JIM 6489, Boston.

## Thanksgiving.

Again are we on the eve of Thanksgiving, a holiday once peculiar to New England but now generally observed throughout the country, in all parts of which are the sons and daughters of New England.

Of the origin of this feast day and the manner in which it has been observed since it was instituted in the early days of the colonies the people do not need to be told. Many and great have been the changes since that first Thanksgiving Day, but one thing has not changed. It is still a day for family reunions and for giving thanks to the Giver of all good gifts; a day for counting the blessings of the year and renewing and strengthening the ties that bind families and kin in the bonds of mutual affection.

Thanksgiving this year, as every year, brings many things for which the people of this country have reason to be profoundly grateful, in spite of the fact that there are some things on the social and industrial horizon that are more or less disturbing. Not everything is as we would have it. But our troubles, such as they are, might be far worse, and the anticipation of better things is amply warranted.

Thanksgiving Day this year will be made especially happy in many homes by the presence of loved ones returned from the grim fields of war, and in many homes there will be corresponding sadness because of the absence forever of husbands, sons and brothers who amidst the din of cruel strife laid down their all in the glorious cause of human freedom.

But, whether welcoming home the survivors or mourning the absence of those who will never return, all may unite in thanksgiving for the fact that the great world struggle is over and that the right of mankind to live in peace and security has been upheld. The cost was great, but the achievement was greater, and for this not only the people of this favored land, but those of all the world, have reason to be devoutly thankful.

Yet for the blessings that have come to us as a people thankfulness alone will not suffice. If we are worthy of those blessings we shall not become unmindful of their source, but will look forward with stout hearts and determined purpose to the days and years that are to come, resolved to do what lies in our power to remove the causes of discontent and unhappiness and to make the world a still better place in which to live.

The people of this generation enjoy many blessings which were unknown to the founders of Thanksgiving Day, and it is the part of wisdom not to allow the material things of life to shut out of our minds and hearts the higher thoughts and aspirations which give to life its true significance. In such a spirit, and thus only, can Thanksgiving Day be what it should be and mean what it should mean to a people that rightly regards it as one of the sacred days of the year.

The news and messenger boys and other boys of Newport, R. I., will be given a Thanksgiving dinner by Mrs. F. W. Vanderbilt, and the feast will be accompanied with a musical entertainment in which the boys will take part. It will be the 26th such dinner given by Mrs. Vanderbilt, who holds a warm place in the hearts of the boys of Newport.

Timothy Shea of the Brotherhood of Firemen and Engineers wants the government to retain control of the railroads for at least two years more. He is afraid that any other course will result in reducing the wages of railroad men below their "present inadequate level."

If it is necessary for the government again to assume control of the nation's food supply, well and good. But it will be unwelcome news to housewives when they learn that one of the first steps contemplated is to raise the price of sugar.

Attorney General Brundage of Illinois rules that the women of that state are eligible to seats in the Republican and Democratic national convention next year, and it is quite probable that some of them will seek election as delegates.

From December 10 until after Christmas no army foods will be sent by parcel post, as the tracks must be kept clear for the handling of holiday mail. An unusual rush of Christmas business is expected.

Senator Lodge now proposes to submit the treaty to the people, and why isn't that the proper thing? There isn't a man in the country who doesn't know just exactly what ought to be done.

To the Wets, time seems long in connection with determining the validity of the war-time prohibition act, and very short when they think of the 16th of January.

There is a vast difference between red-blooded Americans and bloody American Reds.

## VETERAN OF NAVY DEAD

Boston, Mass., Nov. 25.—Thomas Craven, of 194 West street, Malden, died at his home Monday morning after a brief illness. He was 79 years old and very well known in Malden where he had lived for the last 40 years.

Mr. Craven was born in Ireland and came to America 55 years ago. He enlisted in the U. S. navy in 1861, and served for 35 consecutive years. He was a veteran of the Civil war, the Boxer rebellion and the Spanish war, besides many minor affairs. He received medals of honor during his long naval career and made several trips around the world.

The Herald classified advertising puts you in touch with opportunities for employment—the rest is easy.

## MISMALED COUPLES GIVEN THEIR FREEDOM

## List of Divorces Granted at October Term of Court by Judge Allen.

Judge John E. Allen has granted the following divorces at the October term of the Superior court which came to an end on Tuesday: John Norrie of Portsmouth from Amanda, abandonment; Mary A. Hyman of Exeter from Clarence W., willing absence; William C. Caswell of Portsmouth from Margaret, adultery; George D. Coons of Londonderry from Beatrice M., adultery; Doris M. Rand of Portsmouth from Floyd J., extreme cruelty; Sylvia Woodman of Kingston from William, willing absence; Martha K. Freeman of Portsmouth from Frederick D., willing absence; Arthur M. Carr of Portsmouth from Lillian B., adultery; Marion M. Gunderson of Portsmouth from Guy L., abandonment; Alina A. Grossman of Portsmouth from Walter G., adultery; Harriet E. Tate of Seabrook from Henry C., adultery; Elizabeth S. Parker of Portsmouth from William B., extreme cruelty; Leonard G. Horne of Rye from Mary G., abandonment; Louise E. St. John of Danville from Alexander, extreme cruelty; Joseph G. Abbott of Salem from Lorraine, abandonment; Mary K. Tilton of Portsmouth from Charles, extreme cruelty; Robert H. Chabourns of Portsmouth from Irving L., abandonment; Eva E. Ho of Seabrook from Harry L., willing absence; Elsie M. Downs of Newington from Adison, abandonment; Helen M. Crawford of Portsmouth from Harry L., extreme cruelty; Mary C. Stewart of Portsmouth from Alfred B., abandonment; Florence B. Emerson of Derry from Henry H., adultery.

## NAVY YARD NOTES

**Four On Way**  
Four more Eagle boats are reported on the way between Gosport Bay, N. H., and Portsmouth.

**Got Extra Sugar**  
The department has allowed employees extra sugar for Thanksgiving and ordered the allotment increased from 2 to 4 pounds.

**Reports for Duty**  
Comdr. H. H. Fuller has reported at the office of Engineering. Supt. He came from Eagle boat 15.

**More Candidates**  
Four more names have been added to the list of those who are anxious to make the yard basket ball team, making eight in all. The latest candidates are J. Timmons, Chas. Scruton, M. Kelley and Ralph Littlefield.

**On Inactive List**  
Capt. J. E. Palmer has been detached from the Industrial Department and placed on the inactive list. He will shortly return to his home in Atlantic City.

**Will Work as Usual**  
Reports about the yard today had Friday and Saturday of this week as being days. There is nothing to the rumor and work will go on as usual following the holiday.

**Two for Hospital**  
Two men from hospital corps R. H. Hood and W. H. Kilgough were ordered to the naval hospital today by the Commandant of the First Naval District.

**Goes to the S-4**  
Alfred E. Stone, electrician radio, has been transferred from Eagle boat 17 to the new submarine S-4.

**Special Services at Prison**  
Special religious services at the naval prison will be held by the Catholic clergy and Christian Science on Thanksgiving Day.

## Sullivan-Hanscom

William A. Sullivan, a lieutenant in the construction corps attached to the Industrial Department and Miss Lucy Dinmore Hanscom were recently married at the home of the bride in Winchester, and are now on a wedding trip in Washington and New York. The bride has been a member of the high school teaching staff for the past two years in the commercial department. Lieut. Sullivan came to the yard about two years ago from Tech and formerly lived in Lawrence, Mass. The marriage was not known by his associates in the Industrial Department until choice snakes were presented on Monday.

London, March 25.—A plan is under discussion by the British and American governments under which payment of interest on advances by Great Britain and the United States to the allies in the course of the war, also advances by the United States to Great Britain would be postponed for three years. It was announced in the House of Commons today by Austen Chamberlain, the Chancellor of the Exchequer.

## THUMB-NAIL SKETCHES OF PERSONS YOU OUGHT TO KNOW

TIMOTHY DONOVAN.

Although not a native of this city, none of the residents of the West End are better known than Councilman Timothy Donovan, who represents that section of the city in our city government. Mr. Donovan was born in Wesley and has been connected with the Morley Dutton Manufacturing Company since the plant was established in this city, most of the time foreman of the plant department with supervision over 500 hands in busy periods. He is an expert in his work and justly popular with the officials of the company and the employees. He has served the city as a member of the legislature and was recently elected chairman of the Democratic City Committee. He will again be the party candidate for the council in the coming election.

## MYSTERIOUS MAN WHO WORKED HERE MAY FIGURE IN DEAN MURDER CASE

If the murder case of Dr. William K. Dean of East Jaffrey is reopened, following the meeting of the governor and council today at Concord, where a hearing will be held regarding the same, it is said that a man who formerly lived at the Dean home, and later in Portsmouth, will be one of the most important persons to be called into the case.

This party has been located in Portsmouth from August 12 to Oct. 15 as an employee of the Atlantic Corporation and his presence here during that time is puzzling from the fact that he was employed as a laborer receiving 13 cents per hour in the plate shop and boarding at the Hotel Rockingham. It is known that while he was working at the shipyard he feared that detectives were shadowing him from the Department of Justice. This party is said to have also made it known that he was receiving an income of \$700 or more a month from an estate in Philadelphia but was contented to work for small wages in a shipyard. His wife appealed to him to resign as she did not like the surroundings. He took his discharge and left for New York. Some time after he made an application for his former position at the Atlantic which the officials told him he could have but he never took it up. Much investigation since the Dean case was closed has brought out evidence that locates German spy activities in the form of signal lights on the hills surrounding Jaffrey. It was also known that Doctor Dean, a high-minded American had taken more than ordinary interest in ferreting out the source of these strange lights, flashing at such a time when the country was in war with Germany.

## UP TO STATES TO ENFORCE PROHIBITION

(By Associated Press)  
Washington, Nov. 25.—Enforcement of constitutional prohibition will be placed squarely up to state and municipal authorities; machinery will not intervene unless obvious inefficiency on the part of local officials makes such action necessary, the House of Temperance of the Methodist Episcopal church was told here today by John P. Tanner, federal prohibition commissioner. It was Mr. Tanner's first pronouncement of policy since he assumed office a week ago. Mr. Tanner said the people of the country should be divided into two classes. "Heretofore the line of demarcation has been between those who favored the prohibition of the liquor traffic and those who opposed it," he said. "From now on the line of demarcation will be between those who are in favor of obeying the law, whether their personal views are in harmony with law or not and those who will be ready and anxious to violate the law." Warning the board that the battle for prohibition was "but well launched," Mr. Tanner declared that the greatest danger and friends of prohibition faced was that "our people are not given to maintaining a continued effort along any particular line of reform." "The battle for prohibition is not won," he said. "We have gained ground of great advantage. We must not only hold it, but capture advance positions as well."

## JAY HAS LONG INTERVIEW WITH PREMIER NITTI

Rome, Nov. 25.—Peter A. J. Jay, American charge d'affaires, had a long interview with Premier Nitti today. Neither the Premier nor the American Embassy would make any statement relative to the subjects discussed but it was indicated that Mr. Jay received a favorable impression from the outcome Premier Nitti gave of the Italian situation.

## DELAY WILL BE UP TO GERMAN GOVERNMENT

Paris, Nov. 25.—Surprise at the departure of Dr. Blumson, head of the

plenipotentiaries, sent by Germany to this city in connection with the protocol relative to the carrying out of the terms of the Armistice was expressed in a note delivered to the head of the German delegation by the Supreme Council last night. If the treaty of Versailles is not put into force by December 1st, the note adds, the responsibility will lie with the German government as the departure of Dr. Stangenheim inevitably delays further conferences which must be held. Dr. Von Lottum is asked in conclusion to state what are the intentions of the German government.

## Red Cross Worker Who Was Chosen to "Ambush" the Prince of Wales

Miss Dorothy (Beauty) Brown Latest reports from Washington fail to state whether Miss Dorothy (Beauty) Brown, popular Red Cross worker at the Walter Reed General Hospital at the national capital, had performed her mission. She was chosen to "ambush" the Prince of Wales, pin the organization's emblem on him—and collect a dollar.

K. OF C.

The Third Degree Banquet will be held at Odd Fellows Banquet Hall Thursday evening, Nov. 26. Tickets can be secured at the Home. All brothers are requested to be present.

## U. S. SENATOR KEYES VISITS NAVY YARD

U. S. Senator Henry W. Keyes arrived here from Washington this noon to visit the navy yard. He was met at the station by Major Hartford who escorted him to the yard. Senator Keyes is a member of the committee on Naval Affairs of the Senate and he was asked to come here and look into the yard's needs. The Senator was in fine spirits and while at the yard he met many of the men. He first called upon Acting Commandant Captain Sypher and Industrial Manager L. S. Adams.

## ROUMANIA TO BE GIVEN ANOTHER CHANCE

Paris, Nov. 25.—Roumania is to be given another chance to sign the Austro-Hungarian Peace Treaty a limited period being named within which she may attach her signature. Permission to sign is also to be given Serbia. The Supreme Council made this decision this morning at the same time deciding that a protocol be opened on November 27th permitting Roumania to sign the peace treaty with Bulgaria within eight days this period to apply also to her signature of the Treaty of St. Germaine with Austria.

## RECEIVES CALL TO CHURCH IN QUINCY

It is said that the name of Rev. Edmund Gearheart of this city will be presented at a special meeting on Wednesday evening of the First Universalist Society of Quincy, Mass., to consider the calling of a new pastor to that church. Rev. Mr. Gearheart has supplied at the local Universalist church and also in Dover and other places. He has been employed at the Portsmouth navy yard.

## VALUES OF FOREIGN MONEY ARE HIGHER

New York, Nov. 24.—Foreign exchange rates improved considerably in the early market today. Demand sterling which dropped to \$399 1-2 for the English pound last week, was quoted today at \$405 1-4, an increase of 23-4 cents over Saturday's final quotations. Prime checks quoted at 9.59 for the American dollar as compared with 9.56 Saturday. Life checks were listed at 12.62 for the dollar, 12 cents above Saturday's prices.

## LARGE AUDIENCE HEARS ADDRESS

Mrs. Schoonmaker Talks on  
"State and Nation" at  
North Church Chapel.

Mrs. Nancy M. Schoonmaker who is arousing much interest in this city by her lectures on citizenship, gave the second of the series of civic talks Monday afternoon at the North Church chapel under the auspices of the Graceland club, taking for her subject, "State and Nation." She was greeted by a large audience.

Mrs. Schoonmaker began her talk by stating that to her the state seemed to exercise a more important function in government than the nation. It protects the rights of the people in a greater degree and especially in our vital principle, the right of free speech. She outlined the growth of state government and claimed it was due to jealousy and the desire to protect community interest. She said the original thirteen colonies in reality formed themselves into states but the western territories were obliged to submit state constitutions to the national government before obtaining statehood. In Wyoming in particular where men and women had lived under identical conditions when the constitution was submitted to the national government it included women suffrage and the constitution was returned by the national government with this clause eliminated. Wyoming sent back the answer, "We will stay out if it will be a hundred years but when we come in the women come in also."

She said that New Hampshire had the largest legislative body in the country and that on account of the great number of rural representatives it was exceedingly difficult to amend the state constitution.

Mrs. Schoonmaker explained in detail the make-up of state legislatures, how representatives and senators were elected and spoke of the great power vested in the speaker of the house through the right of appointment of committees. She spoke of the method of introducing bills and of the great importance of having bills properly drawn for presentation. In New York, she claimed, a woman has written all the bills which have been passed recently regarding the interests of women and children. It was stated that in a western state a bureau had been established with a man who knows how to draft all bills. The progress of bills through the legislature was explained fully together with the method of committee handling and how bills are frequently killed. She said New Hampshire was unlike most states in that it had a governor and no lieutenant-governor, but five councillors as an advisory board.

Mrs. Schoonmaker said this country was the only one having a written constitution, that this constitution was provided with the idea that it could be changed as time went on but that time had made us reverence it and the only changes made were by amend-

ment. She explained how amendments to the constitution are made and to hold the system of voting by state legislatures instead of submission to the people as a whole because of the state being the unit of the government. She told of the proceedings in congress, how legislation is often blocked, and recommended the reading of "Searchlights on Congress" for information on this subject. Mention was made of the mileage allowed congressmen and this was called a memento of stage-coach days when this same rate was in effect.

Mrs. Schoonmaker described the method of voting for President by electors and said this was a memento of olden days when it was not considered that the people were sufficiently educated to vote directly for the chief executive. She said she hoped the day would come when the people would cast a direct Presidential vote. In speaking of the appropriations by congress she said that last year the appropriation for cattle in a certain department was \$72,000,000 while that for the Childs Bureau under the Department of Labor was only \$200,000. She said she hoped the time would come when there would be a Department of Education in Washington.

Mrs. Schoonmaker speaks again on December 16th at 2.30 in the North Church chapel on the subject, "Political Parties and Elections."

Her fine manner of presentation holds the attention of her audience and arouses much interest in her subject.

## PERSONALS

Edward T. Morrison on Tuesday quietly observed another anniversary of his birth.

James H. Harmon of New York city is visiting his parents, Mr. and Mrs. John H. Harmon.

Attorney John Scammon of Exeter was here on Tuesday in attendance at the superior court.

Attorney I. T. George of Newmarket was here on Tuesday in attendance at the superior court.

T. V. McWilliams and Thomas Spillane leave on Wednesday for New York to attend the horse sale.

Judge Calvin Page was in Concord on Monday to attend the meeting of the board of trustees of the state library.

James B. McWilliams, a student at St. Andrew's college, arrives tomorrow to pass the Thanksgiving recess at his home on State street.

Mrs. A. C. Parker of Lincoln avenue has returned from Northampton, Mass., where she visited her daughter Frances who is a senior at Smith College.

At a recent costume party given in Lynn, Miss Ruth Emery formerly of Portsmouth, and now of Lynn, carried away the prize for the handsomest costume.

Forrest Fogg who was injured a few weeks ago by being struck by an automobile at North Hampton, has so far recovered as to resume his duties at the navy yard.

General Secretary Le Roy C. Schmalzer of the local Y. M. C. A., returns today from Detroit, Mich., where he has been attending the Y. M. C. A. International convention.

Captain L. P. Bodwell, U. S. A., who has been stationed in the South is visiting his family in this city. He was formerly in command of the local C. A. C. and has been in the regular service since the war.

Misses Isadore Luce who attends Smith college, and Emily Luce who is a student at a school in Massachusetts are at home to pass the Thanksgiving recess with their father, Dr. Thomas W. Luce of Court street.

NUPTIALS AT THE CATHOLIC CHURCH

The marriage of Miss Rosaline McCuey and First Sergeant Edward C. Morgan of the Marine Guard stationed at the Portsmouth navy yard, took place at 7.45 a. m. today at the Church of the Immaculate Conception in the presence of a number of relatives and friends of the couple. Miss Agnes Wade was bridesmaid and Sergeant Daniel J. Donovan of the marine corps at the navy yard acted as best man.

Rev. D. Alex Sullivan performed the ceremony. Following the nuptials a wedding breakfast was served at the home of the bride's mother, Mrs. Alice McCuey at 110 State street. The bridal couple left later for a two weeks' wedding trip to the groom's former home at Edinboro, Ky. Upon their return they will take up their residence in Elliot, Me. The couple received many wedding gifts and have the best wishes of their friends for a life of happiness.

### TO WHOM IT MAY CONCERN

All the colored people of Portsmouth and vicinity are hereby notified to meet at the Peoples' Baptist Church on the evening of Tuesday, Dec. 2, 1919 at 8 o'clock to make suitable arrangements preparatory to a proper observance of Emancipation Day, Jan. 1, 1920.

## TO PLACE BLAME WHERE IT BELONGS

(City Associated Press)  
New York, Nov. 24.—Stirring comparisons were still returning from their "election" today. The rush for jobs was greater than ever when it was believed that many supposed vacancies did not exist owing to the large number of work that has been sent out of the city. This fact was expected to have its effect also on the vote to be given today by the press men and feeders still out on re-affiliation with their international union and arbitrating their differences with the Printing League. Several hundred "vacancies" met yesterday and appointed a committee to draw up a history of

the two months strike and to "place the blame where it belongs."

The largest assortment of fresh made candy ever carried in the city may be found at the Jovels Candy Store.

# SHRINERS MADE BIG SUCCESS OF FIRST BALL

One of the Social Hits of Several Years  
---Large Crowd and Many Guests In-  
cluding the Governor---Arab Patrol  
Drill a Feature

The local members of the Bektash Temple A. A. O. M. M. S., established themselves as paramount entertainers of Monday evening when they produced the first Shrine ball held in this city. It was a great success in fact, it is doubtful if there has been a ball in this city for years that had quite the class in every way as that for the Shrine.

There was a very large representative crowd present, the galleries were packed and there was a very large number of dancers, at least 300 couples. The hall was most handsomely decorated, bunting festooned the galleries and the lights were all shaded so that the entire picture was a blend of soft lights. The stage was especially well decorated and over it was a handsome electric effect, the Crescent and Star of the Shrine. This was used with telling effect, the drill and also on a moonlight waltz, when, by dimmers, the lights were reduced to give the soft moonlight effect.

An improvised reception room was handsomely arranged in one corner of the hall with daintily upholstered wicker chairs, two beautiful standing

lamps and a fountain added to the pretty effect. The American flag was conspicuous in the entire decorative effect of the hall.

Mardon's orchestra of sixteen pieces. Mrs. Clara Mardon, director, rendered a fine concert program including a cornet solo by Victor Boudry especially well rendered and the dance music was excellent.

At 8:30 the reception committee entered the hall as an escort to Governor John H. Bartlett. The committee was Potentate William E. Felch of Concord, Governor Bartlett, Mayor Albert Hilsop, Fred B. Coleman, Gustave Peyser, Albert H. Jenkins and Frank L. Pryor.

Suddenly the lights were turned out and a second later the lights in the electrical emblem of the order came on, dim at first and gradually increasing until they lighted the hall, and disclosed on the floor the Arab Patrol in costume, who silently in the dark had taken their places. The patrol then executed one of the finest drills ever seen in this city. They are a wonderfully drilled body of men and under the direction of Captain William W. Walker went through an artistic drill. They worked to fast time and made figure formations one after another, swinging from one into another with the precision of men of long practice. They were greeted with frequent bursts of applause and were given a great ovation as they silently faded away into the darkness. There are twenty-five men in the patrol all from Concord and they are a credit to any organization.

Following the drill there were two dances and then the grand march which was well executed and looked very fine. The costumes of the Arab Patrol, the red fez of the members of the Shrine and the white fez of the ladies, along with the elaborate dresses of the ladies—for it was one of the best dress parties of years, made it a very pretty picture. It moved about the hall. There were 128 couples in the march as many as could be handled in the hall.

The march was led by Potentate William E. Felch and Miss Georgia Moses, followed by Governor Bartlett and Mrs. Felch, Mayor Hilsop and Mrs. Hilsop, Mr. and Mrs. Fred B. Coleman, Mr. and Mrs. Gustave Peyser the members of the Arab Patrol, then the members of the Bektash Temple and then the guests. The march broke up into a one step and this started the general order of dances, which were continued until one o'clock.

During the evening refreshments of food and cake and punch were served in the annex and in the lower ante-room.

The officers of the dance were: Floor Marshal, Edward H. Vandy; aids, Hon. S. T. Ladd, Messrs. H. H. Poole, H. E. Philbrick, C. E. Hoyt, R. W. Jenkins, S. D. Gilkey, C. H. Walker and W. O. Kennard.

Committee on arrangements: Chairman, H. Hoyt, Sherman P. Newton, Edwin D. Austin, Leon A. Robinson, Joseph A. Dollochemont, Horace W. Gray, Jr., Arthur W. Horton and Edward H. Vandy.

Arthur H. Horton had charge of the decorations which were done under the personal direction of George J. Kautz.

## FISHERMEN HAVE ORGANIZED TO FIGHT IN ZONE

Hearings to Be Held in Four  
Places Along the  
Coast.

Fishermen from York county, Me., are out in a fight against the barred zone for catching lobsters and have been instrumental in hearings which have been ordered for today and Wednesday at York Harbor, Biddeford Pool, Ogunquit and Cape Elizabeth. The organization to conduct the fight is made up of men from all along the coast and at a meeting held at Biddeford on Monday, elected officers as follows:

President—E. Wilbur Goldwater, Biddeford Pool.

Vice President—Abner Perry, Kennebunkport.

Secretary—R. P. Philbrick, Biddeford Pool.

Executive committee—Irving S. Millale, Biddeford Pool; Herman Knight, Wells; H. Perkins, Ogunquit; Roger P. Philbrick, Biddeford Pool; Benjamin F. Young, Biddeford Pool; Israel F. Maling, Kennebunkport.

It was voted to engage Judge John P. Deering and Judge George L. Emery to appear at the hearings before the sea and shore fisheries commission and protest against declaring a closed time on lobsters within the waters enclosed by described lines in the not printed. The fishermen say it is another move to wreck them and they will protest against any such move.

The first hearings are scheduled for York Harbor and Ogunquit today.

## RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are  
Dissolved and the Rheumatic Poison  
Starts to Leave the System Within  
Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Alkermes, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pain, he will gladly return your money without comment.

Alkermes has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and chronic and where the patient was helpless.

Alkermes relieves at once. Immediately after you start to take it the good work begins. It reaches out the uric acid deposits, dissolves the nodules and drives the rheumatic poison out of the body through the kidneys and bowels.

It is marvelous how quickly it acts. Almost relief often comes in two days and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Alkermes, who for many years suffered the torments of acute rheumatism, declares all sufferers know the drug does not want a cent of anyone's money unless Alkermes decisively conquers this worst of all diseases, and he has instructed Phillips' Pharmacy to guarantee it in every instance.

THE PORTSMOUTH JEWISH  
COMMUNITY WILL TAKE  
PART IN THIS WORK

The New York committee to aid the Ukrainian Jews, of which Jacob Schiff, Esq., is chairman, is now working out plans whereby it may come to the rescue of the stricken Jews in Ukraine who are doomed to be wiped off the earth unless a helping hand is put out to them.

Notwithstanding the fact that the Jews nearly all over Europe are in great distress, their sufferings cannot be in any way compared to those of their brethren in Ukraine. These last ones are practically left without any aid from the outside, because of the fact that there is no recognized government in Ukraine which could serve as a medium for sending help.

Not only that, but even the massacres on the Jews there are arranged for and carried out by those who claim to be the saviors of Ukraine, and want to be recognized as the lawful rulers of the same.

To put an end to this terrible state of affairs, the New York committee is trying to organize all the Jews of this country so that a united effort may be made in this direction.

The week of November 24 has been set aside as one of mourning and prayer, when all Jews will gather in their synagogues and meeting places, and there provide for ways and means as to how to remedy conditions "Over There."

The Portsmouth Jewish Community being true to its duties, will be assembled tonight at the local synagogue on State street for the same purpose.

The principal speaker at tonight's meeting will be Rev. H. Naskansky of New York, considered to be the greatest living orator among the Jews.

It is expected by the local committee that no Jewish resident will remain at home or at his place of business this evening—for "duty calls him to the synagogue." It is also expected that many Jews from the nearby towns will be present.

RIBBONS FOR KITTELY MAN  
Austin A. Goggin of Kitterly was awarded two ribbons at the Attleboro, Mass., poultry show where he had three Rhode Island Reds on exhibition.

THE MOTHER of these two children says: "Whenever my children need a body builder I give them Father John's Medicine and it prevents them from catching cold. That's the only kind of medicine I use and it has always helped." (Signed) Mrs. G. Jorgensen, 4925 6th Ave., Brooklyn, N. Y.

The safe medicine for all the family to take is Father John's Medicine. Whenever they catch cold or need a tonic because the pure food elements which it contains build new flesh and strength and by driving out the impurities restore normal health. Guaranteed free from alcohol and dangerous drugs in any form. Sixty years in use.
